

Test Design – Integration (Pipeline)

⚙ Estado	Lista
----------	-------

Goal

Given a raw post, the **three modules** produce consistent results end-to-end.

ID	Scenario	Input	Expected
I1	Offensive + link	You are IDIOT! visit http://a.com #wow	Pre: url & hashtag detected; DFA: offensive=True , spam=False ; FST: *** + offensive suggestion
I2	Spam links	go http://a.com http://b.com	Pre: two URLs; DFA: spam=True ; FST: spam notice
I3	Clean	Have a great day	All clean
